

# Because we can provide more heifer calves.

## Landmark offers Holstein Sexed Semen and Guaranteed Price Heifer Buy Back.

Landmark offers dairy farmers the opportunity to enhance herd productivity and profitability by including sexed semen in their breeding program. Using sexed semen, improves calving ease and increases the number of replacements, accelerating genetic gain in your herd and adds value to your bottom line with more surplus heifers to sell.

Landmark's Guaranteed Price Buy Back for heifer calves at either 10 days old or a minimum of 110 kilos live weight gives you price security and for every heifer you contract you pay no more than 50% of the retail cost for sexed semen\*. To find out more, please contact:
